1,200-Pound Mountain Grizzly Bear Trophy Of Spine-Tingling Hunt By Edmonton Pair

"In Hunters' Paradise" would be an appropriate caption for the four scenes pictured in the above layout. In No. 1 is Hunter "Presty" Giffen, former Edmonton junior

rugby star, crouched beside the propped-up carcass of the gigantic 1,200-pound grizzly he and Jack Brooke, city garage man, shot on a recent hunting trip north of Entrance in Jasper National Park. In No. 2 is Brooke, with a mountain goat he has just brought

to earth. In No. 3 is the tent where the hunters camped. There had just been a six-inch fall of snow. Harold Anderson, veteran mountain guide from Obed, is shown astride his pony in No. 4.

Arm Merchant Vessels

Armed merchantmen in the World War had only three-inch rifles.

Secretary of Navy Frank Knox, who urged repeal of the Neutrality Act yesterday at the launching of the 35,000-ton battleship Massachusetts, has intimated a gun shortage that there are gun enough to go around. He told his press conference yesterday that the United States was headed toward the arming of her merchant marine but said decision whether to ask for repeal or amendment of the Neutrality Act would be made later.

HIDDEN CODE MESSAGE

The captain of an advance scouting squad sent back the following message by carrier-pigeon. He put it in code, taking no chances on the bird's safe arrival. Luckily, it got through to the Intelligence Corps where it was deciphered with the result that appropriate action was taken shortly afterwards.

THE MESSAGE
Order Release Sent Intercept, Fifty Six Hundred Thousand, Scout Battalion Allied Enemy, Men Troops Tanks Divisions, Deployed Halted Taken Thrown, Bendis Through Over Around, Lower Eastern Upper Mountain, Valley Stream Hills Forest.

Since the clue to this message is extremely tricky, some hints are given for puzzle-solvers. There are eight significant words in their correct order in the message, one being in each group of four words. To discover them, you must observe something about the APPEARANCE of the words themselves and try to see some way in which one word in each group differs slightly from the other three. The eight words that have this common peculiarity or distinction form the significant words of the message. Can you find them?

DODGERS SIT BACK AND GLOAT

Cardinals' Pennant Chances Grow Dim As Pirates Graze First Of Double Bill

ROAST duck is destined to remain a regular fall staple on dinner tables in Alberta—and duck-shooting habits will continue a major problem in those parts so long as Ducks Unlimited continues to function with the smooth efficiency it has been showing.

Yesterday T. C. Main of Winnipeg, general manager of D.U., was in Edmonton and talked cheerfully of the future here for duck hunting. He declared that Alberta has four acres of duck breeding grounds for every one in any other province and that Ducks Unlimited was accordingly spending more money on conservation here than anywhere else.

Of course the object of Ducks Unlimited is to provide more birds for all shooters in western Canada and the United States, but Alberta stands to benefit most.

Main is an ideal type of man to head the field work of this international organization of sportsmen. He is a pioneer in western Canada—a man who has tramped and ridden over every section of the country. He is no unimpaired with practical theories. His profession is engineering and he has become the leading authority on water problems in western Canada. Tommy Main can choose a site for a well on an arid plain and get enough water for a whole town when no one else can strike enough to make a pot of tea.

U.B.C. Will Defend Grid Title

YESTERDAY the University of British Columbia notified the University of Alberta and the University of Saskatchewan that her Thunderbirds were prepared to defend their western intercollegiate football championship against the winners of the Alberta-Saskatchewan series.

The U.B.C. proposal is for the playoff to be held at Vancouver where the Golden Bears and Huskies complete their four-game series for the prairie championship.

Today Coach Bob Fritz and his Golden Bears are tearing into their workouts with new zest for they can now look forward to a full program of intercollegiate play with the most powerful club that has ever worn the green and gold of Alberta.

Back to the Rubbing Room

REMEMBER BILL O'Brien, the amazing man who made a fortune overnight with his hair sport? Well, he was a rubber in the West Side Tennis Club at Forest Hills when he talked Bill Tilden into a tour. From that he went to live shows and half a dozen other extravaganzas that paid off in box car figures. Now Bill is back at the West Side Tennis Club as a rubber again, working the arenas out of muscles. He made it fast, but he could spend it faster.

Louisville Ousted League Playoffs

LOUISVILLE, Sept. 24.—(AP)—Columbus Redbirds won the American Association playoff championship Tuesday night by trouncing Louisville Colonels 8-1 in the fifth game of the best-of-seven series.

The Redbirds will meet Montreal, winner of the international League playoff, in the little world series.

John Grodzki pitched five-hit ball for Columbus and had a shut-out until the ninth inning when Arnie Parks hit a home run over the right field wall.

Columbus won final playoff, 4 games to 1.

With The Pin Busters

Syd. Wallator of Regina (Chester) in Alberta Rippers 10-pin league knocked over 200 in his third game at Recreation alleys last night for single high on his other counts of 199 and 135 gave him a total of 537 for best throw.

Regina turned in top team aggregate of 1946 with Flying Controls team with 1857.

Hash Hesters were too tough for the rest of the McKenna Ale Service Mixed Fives, piling up 2434 for best team score and their Jim Kelly showed the way for both one and three-game honors. Jim knocked over 226, 281, 279 for a total of 786.

Salvo Salvages had a team score of 2266 and Hyatt's Plant 2266.

Thomson of Churchill Tanks knocked 196 and 240 for 436 and broke both single and double high for Dominion Income Tax Fives.

Hand Grenades won both games and their total of 1615 was highest in Government Mixed Fives.

Gabriel of Municipal Affairs had a last game count of 236 to top the singles list and Murray of Land Titles came through with 668 from 227, 228, 205 to take the triple.

Municipal Affairs had best aggregate with 2584.

Office made 287 and Trade and Industry 2537.

In Government Mixed Fives Kevin of Bluffs had top single of 239 and the same player won both three and five.

Joe Brown Dons Calgary Livery

CALGARY, Sept. 24.—(CP)—In assembling the personnel of the Calgary Stampede for the 1941 season in the newly-formed Alberta-British Columbia Senior Hockey League, 12 players have already been signed up according to Harry Walshaw, business manager.

Newcomers enrolled are Keith Langille, who was sub goalkeeper for Sydney Millionaires last winter; Jim Kendall, a defenceman from Brandon; Punt Grant, left winger from Moose Jaw Millers; Joe Brown, Edmonton Flyers centre and formerly with Kirkland Lake Blue Devils; and Doug Cairns, centre, and Pete Alderson, right winger of the disbanded Turner Valley Oilers.

Regulars from last year's line already signed are: Tommy Dewar, Dan Sprout, Chuck Millman, defencemen; Les Thirlwell, Tony Demaree and Joe Shannon, forwards.

Art Quigley, forward; Biff Cairns, centre; and Pete Alderson, right winger of the disbanded Turner Valley Oilers.

Joe Brown, forward, is last year's regulars yet to enroll.

Davy Duchak and Jimmy Jemson, forwards have retired while Cam Burke is living in Lethbridge.

Columbus Plays First At Montreal

NEW YORK, Sept. 24.—(AP)—The little world series between Montreal Royals, winners of the International League playoffs, and Columbus Redbirds, winners of the American Association playoffs, began Monday night. The first game of the series was played at Montreal.

Two more games will be played at Montreal before the best-of-seven series is transferred to Columbus for completion.

Umpires for the series will be Roy Van Graft and William C. Solitare for the International League and George Johnson and Harold Weaver for the American Association. Alternate umpires are George L. Parker and Chester Swanson for the International League and Forest Peters and Leonard Curtis for the Association.

Travels Long Way For Series

NIAGARA FALLS, Sept. 24.—(CP)—A young bachelor from Alaska returned last night from a long journey to see his wife.

He made the entire trip by automobile from Kelchikan, entering Canada through British Columbia and entering the United States at Nure, Mont., and again into Kelchikan.

Big Bill Still Plays Them Hard

Although the Yanks have the pennant won, they still are playing hard and none of them play harder than big Bill Dickey, who yesterday completed a new major league record of catching 100 or more games for 13 consecutive seasons.

In the above picture, Boudreau is nabbed at the plate by Dickey while trying to score on a grounder to Crosetti.

The umpire is Quinn.

career of an infielder or outfielder, slipped the mask over his head and proceeded to catch four innings in the game against the Athletics.

The three four innings, Dickey became the only player to ever catch 100 or more games for 13 consecutive seasons in the major leagues.

Thirteen years in the career of a catcher is almost 20 years in the career of an infielder or outfielder.

The man in the iron mask is the only one who takes the beating, punishing his legs by squaring behind the plate, directing the strategy, guarding for the pitches and throwing himself in an attempt to block out the runs.

Big Bill has been doing it in the big leagues for 13 years and doing it better than any other man. Only once since the all-star game was started has he failed to be chosen on the American League squad.

TOUGHEN IN CLUTCH

He caught Herb Pennock in the days of his greatness. He batted alongside of Ruth and Gehrig, and while they got the cheers and the money and the adulation of the fans, he got the reputation among hard-headed baseball men of being the toughest clutch hitter in the business.

When the runs were on the bases Dickey knocked 'em in.

It was a pretty fair year that little Miller Huggins put on the field in April, 1926. He was the catcher in the past when you were something new on him, he

By DUKE MORAN

PITTSBURGH, Sept. 24.—(AP)—St. Louis Cardinals chances for the National League pennant went tottering into the limbo of fading hopes Tuesday as they divided a doubleheader with Pittsburgh Pirates.

The Bucyners have been coming for the Cards all season, but they downed the relationship by capturing a 4-0 shutout in the first game and St. Louis' furious 9-0 conquest in the nightcap was not enough to undo the damage.

DOWN GAME AND HALF

The split left St. Louis still a game and a half behind Brooklyn Dodgers, who were idle Tuesday, but it made a drastic change in their outlook for the future.

Each team has four games left and even if the Cardinals win all of theirs and Brooklyn is beaten one, the Dodgers still would bag the pennant by half a game.

If St. Louis loses a game, Brooklyn needs win only two contests.

SOFT FOR DODGERS

Since the Dodgers are bottled at Boston today and tomorrow against the seventh-place Braves and then tackle the tail-end Phillies Saturday and Sunday, they should have no trouble winning three out of four.

On the other hand the Cardinals, tackling the Pirates again today and tomorrow, and then mov-

ing into Chicago to face the Cubs in a final ploy, have no assurance that they can win all four. The Cards whipped themselves yesterday. They made five errors, three of them by Shortstop Martin Marion, and Mort Cooper, their most reliable right-hander, got knocked out of the box in the first inning.

SIX-HIT SHUT-OUT

Lefty Ken Heintzelman, a Missouri boy himself, pitched six-hit ball for the shutout.

In the nightcap the Cards came back with the fierceness of avengers. Max Lanier, a southpaw, pitched five eight-hit ball, the Pirates made four errors, and the Cards made two home runs—one by Stan Musial with one on the other by Kael Cribbe with two aboard. But it was like blowing a whistle after the train had passed the station.

The Dodgers had an open date and just sat around in their hotel lobby at Boston and glowered.

Coming Your Way, Joe!

Here are the two mighty fists of Lou Nova, whom many of the experts figure will present the toughest challenge Joe Louis has had to meet since winning the heavyweight title. These Nova mitts will start whistling Joe's way next Monday night in New York.

Louis In For Tough Battle

NOVA DANGEROUS CONTENDER BUT WEAKNESSES APPARENT

By SID FEDER

POMPTON LAKES, N.J., Sept. 24.—(AP)—If you can overlook such things as two left feet and a couple of minor habits that could be fatal against the Bomber, Lou Nova is the strongest, toughest customer ever served up to Joe Louis.

This is no round-minded, overestimated middleweight like Al McCoy, no shivering Johnny Paycheck or Mac here who is going to tangle with the heavyweight boss in the Polo grounds ring next Monday night.

Nova is big and powerful, he's a young fellow and he's got the heart to think he can make the fighting heat to stand up and belt him home over the 15-round round.

JOE IN JARRING MOOD IN WORKOUT

GREENWOOD LAKE, N.Y., Sept. 24.—(AP)—Champion Joe Louis treated his sparring partner rudely but showed just short of knocking them off Tuesday as he went through his most emphatic workout so far in his preparation for next Monday's fight against Lou Nova at the Polo grounds.

Punching viciously, Joe treated George Higgs hanging on the ropes when time was called and kept Babe Ritchie from going down by holding him up when everything looked dark for the Babe. George Fitch and George Nicholson also took their beatings.

Louis will work again today, rest Thursday and continue boxing Friday and Saturday.

The radio signal for a laugh is two dashes, two dots, two dashes.

SAYS CAN TAKE IT

I'm going to pop him like the California climber said after his semi-final workout at his training camp here Tuesday, "and he's gonna pop me. We'll probably both go down, maybe more again today, but I'll get up one more time than Joe, and that's the one that counts. He's got to get very discouraged trying to put me away after my soft."

Manager Ray Capra agrees with this so much that he announced yesterday he would ask the New York Athletic Commission the day of the fight to instruct the referee not to stop the tussle until one or the other warrior is out cold.

Naturally, Ray figures this party is going to be the Bomber. But among the 300 or so spectators who saw Lou work out in his next-to-last boxing drill, there was a feeling that unless he changes certain little habits, Nova is going to be nearly No. 1 in the list of men who had their rear scrambled by the world's first champion re-arranger.

FOUR FOOT WORK

For one thing, Nova still had occasional lapses when his feet slipped a quarter-of-three places in the ring. It happened in his one-round session Tuesday with sparsmate Jim Neville, and the first thing you know, Lou slipped right off his feet into a three-point landing on the pavement.

Another thing that should be pointed out for the bomber to see is Nova charging in with his left hand leading and his chin sticking out just asking for a belt in the face.

However, despite these habits, Nova's physical condition alone is enough to make trouble for Joe. He will be a new experience for the Bomber, and Louis has never had no partner in the past that when you were something new on him, he

Bargain Colt

Ashab, the wonder-colt, finished four lengths ahead of B. F. Whitaker's Requested in the \$10,000 match race at Belmont Park yesterday and broke the track record in doing it. The great two-year-old cost Mrs. Albert Sabath a mere \$700 and has already earned over \$85,000 this season.

Investment Of \$700 Brings Return Of \$88,065 In Year

NEW YORK, Sept. 24.—(AP)—A 21-year-old track record tumbled Tuesday when Ashab, the bargain colt from Chicago, soundly whipped Requested, Texas-owned pride of the east, and staked a strong claim to the two-year-old turf championship in their winner-take-all match race at Belmont Park.

Flying the alkis of Mrs. Albert Sabath, wife of a Chicago lawyer, Ashab won by four lengths from B. F. Whitaker's chestnut colt.

With Bobby Veder in the saddle, the son of God Good reeled off the 5 1/2 furlongs in 1:19 flat, 1 1/3 seconds faster than the track mark hung up by Audacious in 1929 under 1:19 pounds.

Ashab and Requested both carried 122.

The time was only a second off Sparks' world record of 1:13-4/5.

The \$10,000 purse boosted the Chicago colt's earnings to \$88,065—a mighty good return on the \$700 he cost as a yearling at the Saratoga sales. It was also his 12th triumph in 19 starts this year. Requested entered the race with a record of nine out of 14 and \$47,850 in earnings.

Wood-Nelson Lead

BEST-BALL MATCH

DETROIT, Sept. 24.—(AP)—The United States open champion, Craig Wood, and his partner, Bryon Nelson, took a commanding five-hole lead Tuesday over Ben Hogan and Jimmy Demaret in the half-way mark of their \$2,000 36-hole best ball match.

Nelson, whose participation in the challenge match for United China relief had been in doubt before, fired five-under par 67. Together he and Wood had a best ball of 64, or 13 under par.

Hogan and Demaret, winners of the 1941 Inverness invitational four-ball honors at Toledo and generally recognized as the nation's greatest team, took only one hole, the fifth.

Wood and Demaret carded 70s while Hogan, top money winner of the touring pro, matched par 72.

Northern Boat Now Stranded By Low Water

Stranded for several days due to low water at the Sans Sauit rapids on the Mackenzie river below Fort Good Hope, S.S. Distributor, flagship of the Hudson's Bay Company's Mackenzie-Athabasca fleet, expects to be able to complete its final up-river trip to Fort Smith before freeze-up, it was learned in Edmonton Wed-

The river steamer is reported to have 27 passengers aboard, as well as a cargo of furs, and at the beginning of this week it was feared the boat might be stranded down river for the winter and that airplanes would be required to bring out passengers, crew and cargo.

A wireless message was received in Edmonton Wednesday, however, stating that the water in the Mackenzie had risen and adding that the Distributor now "may make it" up river before freeze-up which is quickly setting in down the Mackenzie.

RUNS AGROUND
The Distributor is reported to have run aground on a sandbar at the Sans Soult rapids last weekend. Although it is believed to have been worked off the bar, it was unable to proceed up river.
United Air Services were ask-

The last regular plane of the season at present is on its way out

from Aklavik and on Wednesday was southbound from Fort Norman. It is likely that the pilot will bring a further report of the Distributor's position.

Where War's Scene May Shift When Snow Flies . . . These Nazis No Further Use To Adolf

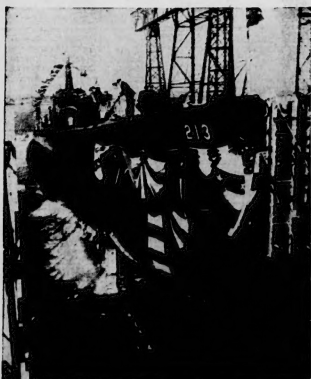

Here is the setting for the war this winter if area of action shifts to the Mediterranean and Africa.

English Mother's Reunion

Parted in Britain two years ago when her four children, Geoffrey and Sonia, front, and Fiona and Lallie, rear, found sanctuary at Wellesley, Mass., Mrs. Geoffrey Littleton Louis rejoined them after a 24-day crossing of the Atlantic aboard an Indian merchantman. Her ship was convoyed by British warship aboard which her husband is a British naval commander.

The U.S.S. Greenling, latest submarine added to the undersea fleet of the U.S. navy, is shown sliding down the way at New London, all hunting bearded. The new craft was sponsored by Mrs. Ralston S. Holmes, wife of Rear-Admiral R. S. Holmes.

War Wonderment

Jane Brahan, 12, and her brother Marcel, 9, examine a 100-pound bomb at "War Clothes Preview," in New York. She's wearing gas mask she brought with her from England.

Air Marshal Addresses Workers

Visiting the National Steel Car Co. and the De Havilland Aircraft Co., Air Marshal W. A. Bishop, V.C., addressed the employees of the companies expressing appreciation of their efforts, but emphasizing the great responsibility which rests with them because victory can only be won by beating the enemy in the air. Air Marshal Bishop is pictured chatting with L. F. McCaul, production manager of the National Steel Car Co.

Pair of British tots seem happy enough as they straddle a fence at Long Barn, beautiful estate in Kent, where Charles Lindbergh lived. It's now home for bombed kiddies.

Strange Playmates

Food is more important to this fawn than Susie Hughes' invitation to play. Fawn was rescued from a cage by Susie's father, Len Hughes, guide at Camp Champlain, North Bay, Ont., after being frightened into lake by bear.

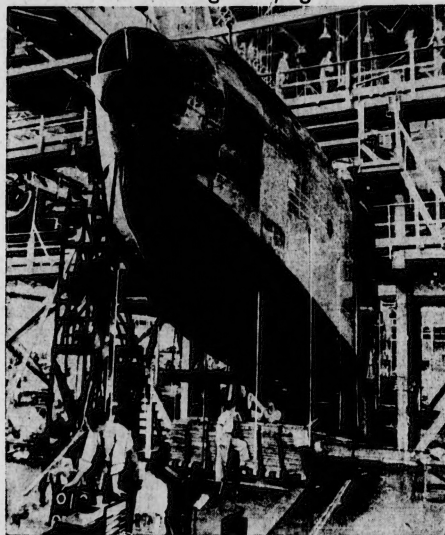

Tremendous conflict between invading Nazi armies and Russian defenders on the Eastern Front has taken its huge toll in men, equipment and machines of war. Ferocity of Red resistance disproved Hitler's boast that he'd have Russia under thumb in six weeks' time. In part proof captured German idle about in Soviet internment camp.

45-Second Kiss

H. B. Clifford, owner of a short order stand in Hollywood, gets a "serious" kiss from glamorous girl Paulette Goddard as reward for bringing her 365 pieces of aluminum, more than any other man who took part in the star's private pot and pan derby for U.S. defence. Paulette promised to make the kiss "as good" as the one she gives her leading man, Ray Milland, in her latest picture. That kiss lasts 45 seconds on the screen, and just to make sure Paulette gives Clifford his aluminum's worth. De Mille himself held a stop watch on the kiss.

World's Largest Flying Boat

United States Navy's XPB2M-1, world's largest flying boat, is pictured nearing completion in Baltimore, Md., where it has reached engineering-tests stage of construction. Weighing 70 tons, it will be powered by four 2,000 h.p. power motors.

Smoke Silhouette

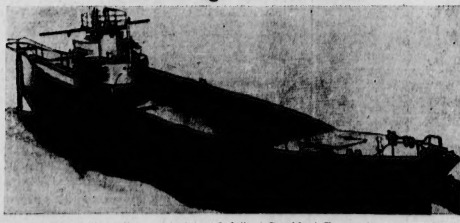

A view looking east on Wacker Drive, Chicago, showing billowing clouds of smoke rising from a four-storey warehouse that went up in flames, causing damage estimated at \$250,000. The smoke clouds silhouette the Mather Tower, one of Chicago's taller buildings.

Caption radiated with this picture from Moscow says it shows Soviet tanks in the front lines near Odessa, which Berlin claims to have encircled. Tanks may have arrived by way of the Black Sea.

"A New Bridge To Free Nations"

Developed with "the active and insistent help" of President Roosevelt, a new 1,900-ton armed cargo ship (model pictured above), is hailed by U.S. navy department as effectively challenging submarines and providing "a new bridge to the free nations of the world." Light, simple and cheap, vessel also carries anti-aircraft battery. Propulsion comes from new type propeller installed amidships.
